### SUMMARY

Detail-oriented full stack web developer with extensive experience in building high quality, responsive web applications. Proficient in React, JavaScript, HTML, and CSS, nodejs, expressjs, mongogDB, mongoose with a strong focus on optimizing performance and user experience. Skilled in collaborating with clients to translate requirements into visually appealing, user friendly designs.

### PROFESSIONAL EXPERIENCE

#### Freelance Projects (Full Stack)

Self-Employed — Mar 2025 – Present

- Developed 2 full-stack web apps using MERN Stack (MongoDB, Express.js, React, Node.js).
- Integrated user authentication, admin dashboards, and RESTful APIs.
- Deployed projects on Render and Vercel, using MongoDB Atlas as database.

#### Freelance Projects (Frontend)

Self-Employed — Jun 2024 – Aug 2024

- Built 2 fully responsive frontend websites for local clients using html, css, javascript
- Implemented animations, dynamic components, and SEO optimizations.

#### Front-End Developer

Tekram Media (Remote) — Mar 2023 – Mar 2024

- Developed and maintained responsive web applications using React, HTML, CSS, and JavaScript, ensuring optimal user experience across various devices.
  - Collaborated closely with designers and back-end developers to create seamless, visually appealing, and functional interfaces.
  - Conducted regular code reviews and troubleshooting to maintain high-quality standards and ensure bug-free deployments.
-

- **Back-End:** Node.js, Express.js, MongoDB, Mongoose, REST APIs
- **Tools & Platforms:** Git, GitHub, Postman, Vercel, Supabase

## SOFT SKILLS

- Problem Solving, Team Collaboration, Time Management, Self-Learning
- 

## EDUCATION

### **The Ultimate React Course 2024: React, Next.js, Redux & More**

This course covers everything from React basics to advanced development, Context API, React Query, Redux, and Tailwind CSS. You'll learn to build scalable, high-performance web applications with modern React patterns and best practices.

### **Programming with JavaScript**

A comprehensive course that teaches modern JavaScript (ES6+) from scratch to advanced level.

Covers fundamentals, DOM manipulation, events, OOP, asynchronous JavaScript, and real-world projects.

### **Advanced CSS and Sass: Flexbox, Grid, Animations, and More!**

This course dives deep into advanced CSS and Sass, teaching you how to create responsive, visually engaging layouts.
